Software Developer specialising in **Next.js**, **React**, and **JavaScript** with a background in Tech Recruiting. I completed a Full-Stack Software Development bootcamp, where I mastered web development skills and built numerous projects. Currently, I'm expanding my expertise by learning **Redux** and **TypeScript** to integrate them into future projects.

TECHNICAL SKILLS

React | Next.js | Redux | TypeScript | JavaScript | HTML5 | CSS | SASS | Tailwind | Bootstrap | DOM | Web APIs | OOP | Node.js | Express.js | User Authentication | OAuth | MySQL | MongoDB | GitHub | Git | Jest | Rest API | Figma | BEM

PERSONAL PROJECTS

CVPUZZLE - A Full-Stack CV contractor built with React.

Technologies: React, Node.js, Express.js, Sass, Passport.js, RocksDB, BEM

DOZE - Doze is a Full-stack task management app inspired by the 12-week goal concept.

Technologies: Next.js, Express.js, Tailwind, Passport.js, MongoDB
